The following is an examiner's statement of reasons for allowance: applicant's amendments and comments are deemed to overcome the prior art of record. In particular, the prior art fails to disclose the particular cyclical application of energy as now recited in the claims. Further, applicant's terminal disclaimer of August 24, 2000 has obviated the double patenting issues.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
